MAY 25, 2008 SPECIAL ANNOUNCEMENT

Memorial Bell Tower Report

As chairman of the memorial bell tower committee, I was pleased that the congregation approved the concept of the memorial bell tower. However, I was disappointed that the congregation was not 100% for the concept. I was very pleased with the backing and support that I received for the project, and I know the memorial bell tower could be constructed.

The closeness of the vote presented a problem which was discussed by the committee. It was decided to present the Vestry a motion to rescind the vote of approval. I contacted a majority of the persons approving the motion and, with their concurrence, presented to the Vestry a motion to rescind the memorial bell tower concept.

The Vestry approved the motion.

I am sorry that the concept was not unanimously accepted. In the future, maybe our thinking will change and expand. At that point in our growth, the memorial bell tower could be constructed.
